Collector of South Kanara.

To

The Secretary to the Board,

Land Revenue and Settlement,

M a d r a s.

Sir,

Assignment - Land - Mangalore Taluk - Kuthethoor village -
S.No.67/4 - Extent 5 cents - Parish Union of the Diocese of
Mangalore - Sanction - Requested.

S.No.67/4 of Kuthethoor village, Mangalore Taluk, measuring 5 cents in extent, has been encroached upon and converted into a garden on behalf of the Kalavar Church, the owner of the adjoining land. It contains 4 bearing coconut trees and one bearing mango tree. The age of the improvements is reported to be about 25 years. The plot originally stood registered as 'Channel Poramboke', but it was transferred to ayan and assessed at the garden rate of Rs.6/- in this office Proceedings D.Dis. 11002-31, dated 26.11.1931 with a view to its assignment to the encroacher. No site value was charged for it, as the cost of raising its level and converting it into a garden was found to be equal to the proposed rate of site value.

2. One Mrs. Margaret Saldhana, holder of S.No.68/8 and 2, objects to the assignment of the plot to the church on the ground that it adjoins her kadim holdings. Her objection does not deserve any consideration, as the plot has been in the possession and enjoyment of the church for the last 25 years.

3. The church is a member of the Parish Union of the Diocese of Mangalore and its manager has no objection to the assignment of the plot in the name of the Parish Union. The Secretary of the Union is willing to have it on darkhast. I Therefore request that the Board may be pleased to move the Government to sanction the assignment of the plot to the Parish Union. Back assessment on the whole extent will be charged for the last 10 years at the time of assignment.

4. The Parish Union does not own any land in the village. The extent of land owned by it in the district is 119.02 acres and its market value is estimated at Rs.7046.

5. The records of D.R.446/1341 are enclosed.

Your obedient servant,

Collector.

the proposed assignment & a separate

unnecessary. It is not known whether
the holders of adjacent lands have any

S. & S. G. S. O.'s suggestion at p. 29 of (N)
was not based on facts. The R. I. subsequently
found the channel to be a tiny one (5 links wide)
said the demarcation was unnecessary (p. 28 of (N)).
This conclusion is correct: subsidiary channels of this
size are not demarcated in delta dists., much less
in S. Kanera, where there are no "irrigation sources".

we may recommend the case to Govt., for

10 yrs' back assessment (this limit was laid down
for S. Kan. assignments a few years back.)
